Excellent floor arrangements. Well ventilated hall.
Admission, 10c., Ladies free.

ARMY MEN TEST THE AEROPLANE

(Associated Press Morning Service.)

COLLEGE PARK, Maryland, October 19.—Lieutenant Lahm, U. S. A., who made a record for himself as a balloonist by winning the international race starting in France last year, has further demonstrated his skill as an aviator. Yesterday, in company with Lieutenant Humphrey, U. S. A., he made a flight in the aeroplane purchased by the government from the Wright Brothers, the start, flight and descent being made without accident. The two army men demonstrated that the Wright machine can be handled by others than the experts.

The test was made to demonstrate the utility of the Wright machine in the hands of regular army men. The outcome is regarded as very satisfactory.

NEW FLYING RECORD.

PARIS, October 19.—Count de Lambert, in his own aeroplane, made a sensational flight here yesterday, breaking the world's record for height attained and reaching an altitude more than twice as high as that ever reached before by any heavier than air machine. In the tests under way he soared to a height of thirteen hundred feet.

Heretofore, the European record had been held by Rougier, the French aviator, who on Monday, October 4, forced his machine to a height of 645 feet, this feat taking place at the trials at Brescia. Until that time Orville Wright had held the record, with 585 feet. Latham has a record of 504 feet and Farman of 422 feet.

In the morning trials, de Lambert astonished the crowd by the control he had over his machine. At the first flight, after leaving the starting place on the grounds at Juvisy, he flew towards the Eiffel tower and circled that before returning, making the return in perfect shape.

There was a serious accident during the morning flights. Alfred Blanc had started with his aeroplane and was skimming along just over the heads of the spectators when some part of his machinery went wrong. His machine wavered and then fell, coming down in the crowd. One of the spectators was struck by the steel body of the car and killed, while a dozen of those upon whom the machine fell were more or less injured.

PROTECTION OF JEWS.

ST. PETERSBURG, October 19.—Negotiations between the Russian government and the United States State Department authorities are now pending looking toward the free access of American Jews to Russia. Heretofore Jews resident in America have had great difficulty in obtaining passports enabling them to travel within the confines of the Russian empire, the antagonism of the Russian officials towards Jew being extended to the representatives of that race outside of as well as within the empire.

The American government is endeavoring to secure for American Jews the same free right of travel in Russia as is granted Americans of other racial stocks.

GAMBLING IN SAFETY

CHINESE FOOL POLICE BY USE OF CHIPS INSTEAD OF THE USUAL COIN.

Still another raid of Chinese gamblers has proved in vain. Seventeen Chinese were taken in by the police Sunday on a charge of indulging in a game of chance, but in police court yesterday there was no proof that there was any money on the game and they were all discharged. The other day twenty men were discharged for a similar reason. Chinese gambling raids are about all the business the police have had on their hands for some time and even this branch of exercise is proving the monotonous for the reason that the gamblers are getting wary and are using chips instead of money, probably to be cashed privately after the game.

RHEUMATISM.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp weather or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Pain Balm is all that is needed, and it is certain to give quick relief. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

THREE MORE AUTOS.

Kaimuki Location and Elevation

A SELECT RESIDENTIAL DISTRICT

Kaimuki is a high valley on the seashore located between Diamond Head and the Waimanalo mountains. It has an elevation of about two hundred feet and commands a magnificent ocean view with the most beautiful picturesque mountain scenery on the island. It is the passage for the never-failing breeze from around Koko Head, which at this high elevation is cool, dry and sweeping and far more healthful than the damp clouded valleys and other lower parts of the city. The beautiful Kapiolani Park, the Waikiki Beach, the Moana and Seaside Hotels and a number of elegant homes and magnificent estates, some valued as high as \$250,000 are all located in this part of the city and only a short distance from Kaimuki. Kaimuki itself has over one hundred and sixty beautiful homes and several miles of macadamized streets. As this company controls the entire Waialae side, excepting eight blocks, of this magnificent residential property, we expect to make it the select residential district of the city. No objectionable buildings will be erected and no undesirable people will live in this district. It will be modernly improved and every effort made to maintain the highest standard of residential property.

Our Prices, \$00 for corner lots and \$400 for inside lots

are exceptionally low compared with the future value of this property. You cannot possibly make a better investment for either profit or homesite, than the purchase of one of these lots.
